WINSOR & NEWTON PROFESSIONAL ACRYLIC

These are Winsor & Newton's very finest acrylic paints - they're made with the latest developments in resin technology. Most acrylics darken as they dry, but the translucent binder means that what you see is what you get. With no colour-shift, colour-matching is made much easier. These paints have a longer working time without compromising the famous acrylic fast-drying time.

R&F HANDMADE PAINTS PIGMENT STICKS

R&F Pigment Sticks are a unique version of an oil stick that will transform the way you paint. They are richly pigmented with a lipstick soft consistency that gives them the same fluidity, subtlety and durability of traditional oil colors. They have just enough natural wax added to maintain a solid stick form. Pigment Sticks let you get rid of the brush allowing you to work more directly on your surface. Their immediacy and mark making ability afford an endless range of options.

R&F HANDMADE PAINTS ENCAUSTICS

What distinguishes R&F Encaustic Paint as handmade is the intensive labor involved in making paint solely from its base ingredients of pigment and medium. They want the individual characteristics of each pigment to show through. This means that the formulation and milling of each pigment must be tailored to its particular traits. Each of the colors, therefore, has a slightly different feel to it. Each batch is milled in small carefully controlled batches.

RAYMAR LINEN & COTTON CANVAS PANELS

The perfect professional-artist quality painting panels for studio work or painting plein air. With different canvas and linen textures to choose from, Raymar has a panel to fit your painting style. Uses the finest quality materials and a specially formulated pH neutral adhesive to bind canvas and linens. To ensure balance the reverse side is covered with Raymar's exclusive gray melamine backing to prevent unequal stress on the panel and resist warping. The result is a panel that is sealed on both sides for a permanent barrier against deterioration from environmental conditions and handling. Made in America.
